"I want to provide an update to people who receive benefits from the Social Security Administration.

The Department of the Treasury (Treasury) announced on April 1 that Social Security beneficiaries who are not typically required to file tax returns will not need to file an abbreviated tax return to receive an economic impact payment. The IRS will use the information on the Form SSA-1099 to generate \$1,200 economic impact payments to Social Security beneficiaries who did not file tax returns in 2018 or 2019."
